

Always Better®

Water Resistant

Lightweight

MOLLE Compatible

PLATEminus™ V6 is built with the same fully MOLLE compatible MOLLEminus platform as the original PLATEminus™. The PLATEminus™ V4 provides the users with built-in 6"×6" side plate pockets and a cummerbund. This provides fully modular load carriage capability but significantly reduces weight and bulk over traditional armor carriers. PLATEminus™ V4 is built to hold SAPI / ESAPI armored plates and has fully enclosed plate pockets which protect the plates. It provides maximum signature management by eliminating black plates or the need for additional "socks".

Weight	630g (1.4lbs)
Part #	MM-PLATE-6-YY-XX
Size	Medium - (9½" x 12½" x 1.25") Large - (10½" x 13¼" x 1.25")
